

DISTRIBUTRICE DE MINI-MOTS

Objectif : Décoder des mots de structure CV avec et sans sons amoureux.

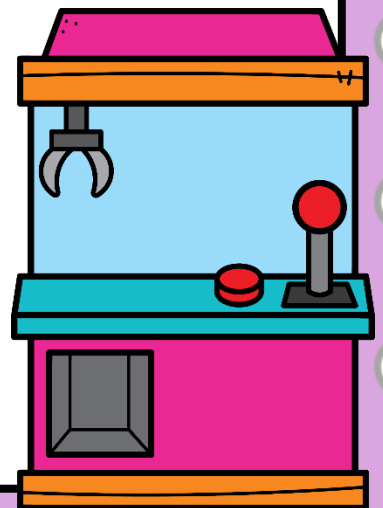

Seras-tu assez chanceux pour attraper une surprise dans la distributrice de mini-mots?

Déroulement :

- Découpez tous les cocos-surprises qui sont fournis selon la version avec laquelle vous souhaitez jouer (version AVEC ou SANS sons amoureux, version couleur ou noir et blanc);
- Placez-les à l'endroit prévu sur la machine distributrice de mini-mots, face cachée;
- Chacun leur tour, les joueurs pigent un coco-surprise et tentent de lire le mot qui s'y trouve en étirant bien les sons que font les graphèmes;
- Si un joueur pige un coco contenant une surprise, il le conserve jusqu'à la fin de la partie, c'est-à-dire jusqu'à ce qu'il n'y ait plus aucune carte à lire;
- Le joueur qui aura en main le plus de cocos contenant une surprise à la fin de la partie remporte la partie.
